

Swaddling Permission Slip (applicable for infants through 12 months)

Licensing Regulations for the State of Delaware state that "Swaddling of infants requires written parent/guardian consent. The use of blankets for swaddling shall not be used when laying an infant down to sleep; swaddle-blanket sleepers may be used."

Please sign below giving consent for Beginnings and Beyond Teachers to swaddle your child for sleeping times. Please note that you may bring in your own swaddle-blanket sleeper. If you do not bring in your own, please note that by signing below you also are allowing Beginnings and Beyond to utilize their own swaddle-blanket sleepers purchased specifically for this purpose.

Preventive Products Usage (applicable for all ages)

I give permission for the staff of Beginnings and Beyond to use/apply preventive products (such as sunscreen, insect repellents, Vaseline/petroleum jelly, diaper cream, chapstick etc.) without documenting each time it is applied.

Please note that it is required that our staff document the dates/times which all other non-preventive types of medications are administered to your child (examples of these other types of medications are: pain/fever reducers, antibiotics, nebulizer treatments, all prescription medications, etc.).
