

BEGINNINGS AND BEYOND

March 2020

Happening in March...

March 3rd:

Our tumbling classes begin Tuesday for ages 3 and up! We are excited to add this to our center as a weekly activity and cannot wait for the opportunity for your children to enjoy this while attending © Sign your child up If you haven't already and are Interested In doing so!

March 19th:

On this day we will have a Jungle John Jurassic Journey Show from 8:45 am to 9:30 am on-site for ages 2 through Pre-K. Be on the lookout for field trip slips that will need to be turned along with payment!

March 23rd:

Starting March 23rd- 27th is the Usborne book sale! Usborne creates engaging, innovative, accessible books for children of all ages. Usborne books are written to appeal directly to children, and are there for every age and stage from newborn baby to young adult.

Hello and Goodbyes

Help us in welcoming Miss Sarah as a new addition to our team, as a floating teacher working afternoons 3 to 6 pm, mainly in older babies! Miss Madison is now working part time, so she is still at our center, however she no longer works the afternoons past 3pm.

Birthdays

Carson ~March 8th

Elijah~March 18th

Lillian~March 18th

Mrs. Danielle~March 23rd

Easton~ March 26th

Miss Crissy~March 27th

Miss Shawneen~March 27th

Ellie~ March 31st

Something To Add..

One of the great aspects of Brightwheel is the messaging capability. Any time you have questions, want to find out about your child's day (such as what they are learning, what activities they are working on, how they are feeling, etc) or need to relay information to your child's teacher, you can do so by using the messaging function in Brightwheel. Please keep in mind that brightwheel messages are sent to the CLASSROOM, and the office does not always see the messages. **Only messages meant for your child's teacher should be sent in the brightwheel messaging function. All other messages meant for someone in the office should be called in or emailed in (numbers/email below).**

Curriculum Corner

Studies show that children's learning is optimal when they are free to learn through **purposeful play**. **Play** is an excellent way for young children to explore the world around them. It develops students' creativity and allows them to make connections with things that are familiar to them.
