

All employees have the option of signing up for **VitableHealth**. Vitable will cover **unlimited tele-health visits** at the center and at your homes, to include nights and weekends. If the tele-health visit nurse feels an on-site nurse is required, one will be sent to you. All medical issues are covered except anything that would require an ER visit. **Prescriptions** are part of this plan as well as **blood work**, and **covid testing!** This plan **covers you, your spouse, and any children you have over the age of 18 months!** This also covers **unlimited mental health tele-health visits**. This is all **only \$15 per month per employee** (this costs covers spouse and children over age 18 months also) and will be deducted out of the first paycheck of every month. Beginnings and Beyond will only be asking you to contribute \$15 per month and we will cover the rest!

CHOOSE ONE OPTION AND FILL OUT YOUR INFORMATION BELOW ONLY THE OPTION OF YOUR CHOICE:
