Bright Wheel Experience Curriculum

THE VIEW OF THE CHILD

Every child is full of potential, naturally curious and important to the community.

RESEARCH-BASED APPROACH TO

LEARNING: The Experience

Curriculum family applies child development theories and brain research to a unique model of teacher support, child experience and family engagement.

THE ROLE OF THE ENVIRONMENT

Children explore their environment to experiment with ideas, manipulate materials and construct knowledge.

What children are learning:

Social- Emotional Development

Physical Development

Language and Literacy Development

Mathematics and Reasoning

Social Studies

Science

Creative Arts

THE ROLE OF THE TEACHER

The teacher is a learner alongside the child. As a researcher and guide, the teacher offers resources and support.

THE ROLE OF THE FAMILY

Families are central to the intellectual and social growth of the child. Family culture and beliefs add beauty to the school community.

Bright Wheel Experience Curriculum

Authentic Assessment: Learning is a process. Authentic Assessment allows the teachers to capture learning as it happens. The Experience Early Learning Assessment System includes resources that help the teacher's document your child's learning progress through natural and intentional observations.

Steps to access the learning tab on your child's bright wheel app:

Step 1: Log into your app.

Step 2: Under my children click the arrow.

Step 3: Under the photo you will see the icons message, calendar, learning, paperwork, and gallery.

Message: Can message the teachers or the administrators.

Learning: Shows the list of daily activities, and what the children are learning.

Paper Work: documents that are requested from the office.

Gallery: Photos that have been uploaded on your child's Bright Wheel.

Drop Down Arrow: Allows you to navigate the activities. Click on observations, here is where you can see comments and your child's leveled assessment.
